Hi all,

Please see attached for an updated version with Section 4 expanded out substantially into subsections. I've also added another section at the end on facilitating acceptance/application. If you could take a look and provide your comments on this it would be great.

Thanks

Nicole

PS – Elijah, the subsections you added to Section 8 did not populate in the table of contents, maybe bc it wasn't done using the same formatting? But they are there at the bottom.

Here are 4 papers I mentioned that are relevant to the international harmonization section. Will send updated outline shortly.

Thanks
